Long Distance Calls

► No matter how many miles apart . . . Long Distance brings people together in seconds. When you are lonesome, just pick up your telephone for a friendly visit. When you are worried, a telephone call is most re-assuring. If there's business to be discussed in a distant city . . . there's no way better than a telephone call.

STATION-TO-STATION CALLS . . . Call Station-to-Station if you're willing to talk to anyone who answers. This type of call is faster and cheaper. Charges start when the called telephone is answered.

To place a Station-to-Station Call, give the Operator the name of the place and the telephone number you are calling. If you don't know the number, give her the name and address and explain that you will speak to anyone at that number. When she gives you the number, list it in your personal list of telephone numbers, since calling by number is twice as fast. Give your telephone number when the Operator asks for it.

PERSON-TO-PERSON CALLS . . . Call Person-to-Person if you must speak to a particular person, department, hotel room or switchboard extension. The charges, which are higher than for a Station-to-Station call, begin when the conversation starts. Charges may be reversed without any change in rate.

To place a Person-to-Person call, give the Operator the name of the place, the telephone number and the name of the person you are calling. If you don't know the number, give the Operator the name and address. When she gives you the number, list it in your personal list of telephone numbers, since calling by number is twice as fast. Give your telephone number when the Operator asks for it.

COLLECT CALLS . . . If the charges for a call are to be paid at the distant telephone, tell the Operator when placing the call that it is a Collect Call.

MESSENGER CALLS . . . To call someone who has no telephone and it is necessary for Long Distance to arrange for a messenger to call the person to the nearest telephone. The Person-to-Person rate applies, plus the actual charges for the messenger service.

CONFERENCE CALLS . . . A family reunion or a business meeting by telephone. You can talk with several

For business or pleasure, Long Distance is fast and personal . . . and it costs so little.

Rates and information concerning initial period, extra minutes and federal taxes may be obtained by calling "Long Distance."

people in different places on the same call. Just ask Long Distance for the Conference Operator and tell her the names and numbers you wish to reach. She'll make all the arrangements and call you.

MOBILE TELEPHONE CALLS . . . You can make local and Long Distance calls to automobiles, trucks, trains and boats equipped for mobile telephone service. To place a mobile telephone call, call Long Distance and tell the Operator you wish to place a mobile service call.

OVERSEAS TELEPHONE SERVICE . . . Calls to practically all the world's telephones and certain ships at sea can be made from your telephone. For further information about this service and the rates, call Long Distance. To place an overseas call, tell the Long Distance Operator you wish to place an overseas call and give her the name of the country. Rates to many countries are reduced during night hours and on Sunday.

BELL SYSTEM CREDIT CARD . . . Makes out-of-town calling easier when you are away from your office or home. You can charge out-of-town calls, any time, anywhere, and have the charges appear on your business or residence telephone bill.

PLACE YOUR CALLS BY NUMBER ... IT'S TWICE AS FAST

Use the handy Blue Book of Telephone Numbers to keep a list of the numbers you frequently call. Keep it by your telephone for easy reference and to jot down numbers you get from the Operators . . . either Long Distance or Local.

GENERAL INFORMATION

TARIFFS . . . Tariffs which show rates, rules and regulations for telephone service and facilities, approved by the Regulatory Commission, are available in our Business Office for public inspection.

TRANSMITTING MESSAGES . . . Employees of the Telephone Company are forbidden to accept oral or written messages to be transmitted over the lines of the Telephone Company.

RELINQUISHING TELEPHONES FOR EMERGENCY CALLS . . . Sometimes an emergency arises when others on the line must make a call in which property or human life is in jeopardy. When so informed, please relinquish the line immediately just as you would want them to do under similar circumstances.

ADVERTISING TELEPHONE NUMBERS . . . There are recognized advantages of showing telephone numbers on stationery, signs, cards, etc. Growth and changes in telephone facilities may require the changing of telephone numbers, therefore, any of these showing telephone numbers should not be printed in large quantities.

TELEGRAMS BY TELEPHONE . . . You may telephone telegrams, cablegrams or radiograms to the Western Union Telegraph Co., and have the charges appear on your telephone bill. You may also telephone your messages from coin telephones, paying as you would for a telephone call.

RECORDING OF TELEPHONE CONVERSATIONS . . . Many businesses have automatic answering and recording telephone sets to take your calls and record any messages. A "beep" tone is the signal that the device is starting to record. When you hear the "beep", speak your message into the telephone clearly; you will have about 30 seconds.

For your protection . . . the "beep" signal, produced automatically by the device used to connect recording equipment to telephone lines and heard about every 15 seconds on any telephone call, indicates that your conversation is being recorded. If you don't want a record made, tell the party to disconnect his recorder. You will know he has complied if the "beep" stops. Use of a recorder without this signal is unlawful.

YOUR 'PHONE AWAY FROM HOME . . . More and more outdoor telephone booths are being placed at convenient locations everywhere; ready for use 24 hours a day, every day in the year. There are hundreds of other telephone booths in buildings, stores, hotels, gas stations, airports, railroad and bus stations, etc. You are always near a public telephone. Instructions as to how to use it are displayed on or near each 'phone.

PARTY LINE COURTESY . . . When several persons share the use of a telephone line, consideration and courtesy are important to all. Everyone will enjoy better service if each one will be reasonably brief . . . space calls so the other party can place his calls . . . and give up the line for emergency use.

TELEPHONE DIRECTORIES

Telephone directories distributed from time to time by the Telephone Company remain the property of the Telephone Company, shall not be mutilated, and shall be surrendered upon request or upon the delivery of the subsequent issue.

DIRECTORY ACCURACY . . . Even though every effort is made to compile this directory accurately, errors sometimes occur. The Company assumes no liability for damage arising from errors or omissions in publishing this directory. Please report incorrect listings promptly so that we may change our records and do whatever we can to protect your service in the meantime.

AVOID CALLING WRONG NUMBERS . . . Calling wrong numbers, resulting in inconvenience and loss of time, can be avoided if you consult the current directory before placing a call and dispose of obsolete directories.

INFORMATION SERVICE . . . Telephone numbers which do not appear in the current directory may be secured by calling "Information." When you get a number from "Information," jot it down in your personal list for future use.

ATTACHMENTS TO DIRECTORIES . . . No binder, holder, insert or auxiliary cover or attachment of any kind not furnished by the Telephone Company shall be attached to or used with the directories owned by the Telephone Company, except that this prohibition shall not apply to a subscriber—provided binder, holder, insert, or auxiliary cover which contains no advertising and which is not so attached as to impede reference to essential service information or otherwise interferes with service.

OUT-OF-TOWN DIRECTORIES . . . Telephone directories of other cities in this country and certain foreign countries can be obtained for our customers. Prices, etc., may be secured from the Business Office.

TELEPHONE COMPANY "EXTRAS"

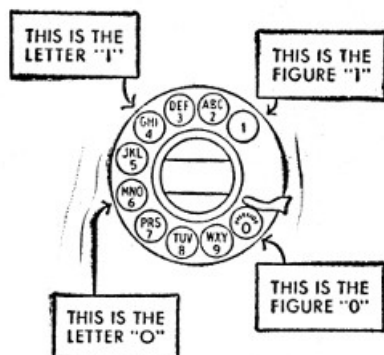

CONDUCTED TOURS . . . We enjoy playing host to groups on conducted tours of our buildings. If you would like to tour our facilities, we'll do our best to make the arrangements.

HOW TO DIAL . . .

If the number you wish to call is preceded by a Central Office Name, you dial the first two letters of the Central Office Name and then each figure of the telephone number. If the number consists of figures only, then you dial each figure of the telephone number. It is most important in all instances not to confuse the letter "O" and the figure "Zero," nor the letter "I" and the figure "1" (see illustration).

HOW TO DIAL A NUMBER

1. **KNOW THE CORRECT NUMBER.** If you are not sure look it up in your directory. If it is not listed dial "Information." Write it down and refer to it while dialing.
2. **LISTEN FOR THE DIAL TONE.** Then dial the number promptly and accurately. If you do not hear the dial tone, hang up for a few seconds and try again.
3. **TO DIAL A NUMBER**—Turn the dial until your finger touches the finger stop and allow it to return to its normal position for each letter and figure of the number.
4. **IF YOU MAKE A MISTAKE WHILE DIALING**—Hang up for a few seconds and after listening for the dial tone, dial the number again.

SIGNALS

If you do not hear the ringing or busy signal after dialing, hang up for a few seconds and dial the number again. If you hear a rising and falling tone, you have dialed a non-existent number. Verify the number and dial again.

ASSISTANCE

If you wish further information in making calls of any kind, dial "Operator" and ask her for the information desired.

If you do not hear either the ringing or the busy signal after repeated attempts, or if you have any other difficulty in completing a call, dial "Operator" and report the condition to her.

HELPFUL SUGGESTIONS

Do not turn the dial during a telephone conversation. A prompt answer may prevent the loss of a call.

Be careful to replace the receiver properly so your telephone will not be put out of working order.

Listen to make sure that the line is not in use when calling from a party line or from a line with additional telephones.
